Education

Tezpur University **July 2023 - June 2025**
Master of Computer Applications (CGPA of 7.43) *Assam, India*

Lalit Chandra Bharali College **June 2019 - Sept 2022**
Bachelor of Science (Hons.) CBCS in Computer Science (CGPA of 8.45) *Assam, India*

Experience

FACE Prep **May 2026 – Present**
Assistant Professor - Computer Science *Chennai, India*

- Training **100+** students in **Data Structures and Algorithms**, **Operating Systems**, **Database Management Systems** and **Data Warehouse and Mining**.
- Delivered structured training aligned with **Academy of Maritime Education and Training University**'s curriculum.
- Guided students on industry-relevant concepts, projects, and problem-solving practices.
- Supported student learning outcomes through interactive sessions and hands-on coding.

July 2025 – Apr 2026
Computer Science Mentor *Villupuram, India*

- Trained **150+** students in **Front-End Web Development**, **Design for Developers**, **Full-Stack Web Development**, **Software Engineering** and **EDA using Python**.
- Delivered structured training aligned with **Takshashila University**'s curriculum.
- Guided students on industry-relevant concepts, projects, and problem-solving practices.
- Supported student learning outcomes through interactive sessions and hands-on coding.

Chegg **Sep 2023 – Mar 2026**
Managed Network Expert (Subject Expert) *New Delhi, India*

- Solved **138** Computer Science questions on Chegg's Q&A platform.
- Delivered accurate, concept-driven solutions while strictly following academic integrity guidelines.
- Demonstrated expertise in core CS subjects including **Data Structures and Algorithms**, **Object Oriented Programming**, **Database Management Systems**, **Operating Systems** and **Computer Networks**.
- Maintained an average Quality Control (QC) score of **3.21/5**, reflecting solution accuracy and clarity.
- Achieved a Content Feedback (CF) Score of **47%**, indicating consistent contributor performance on the platform.

Sankardev Sishu Vidya Niketan, Sualkuchi **May 2025 – July 2025**
Computer Science Teacher *Sualkuchi, India*

- Taught Computer Science to Class X students, providing focused instruction to a small cohort of **3** students for concept clarity and individualized learning.
- Delivered **Physics** and **Chemistry** instructions to **10+** Class X students, supporting core science understanding and exam preparation.
- Planned and conducted structured lessons, assessments, and practical sessions aligned with school curriculum requirements.
- Managed the computer lab environment for Class X, facilitating hands-on learning in coding and digital literacy.
- Fostered a multidisciplinary learning environment that strengthened students' analytical thinking and problem-solving skills.

Edusera Services **May 2025 – May 2025**
Subject Matter Expert - CS *New Delhi, India*

- Review and revise subject-related solutions to ensure accuracy, comprehensiveness, and alignment with the provided guidelines.
- Identify and correct errors in existing solutions while maintaining a low skip rate.
- Write solutions clearly and concisely, using appropriate terminology and notation.
- Proofread solutions carefully to ensure they are free of errors.
- Provide content that is plagiarism-free and AI-free, adhering to the company's zero-tolerance policy for violations.

TechVariable **Jan 2024 – May 2024**
Intern *Guwahati, India*

- Developed a gesture-controlled video editing tool using Computer Vision and Machine Learning.
- Implemented hand-gesture recognition to trigger real-time video editing actions.

GDSC Tezpur University **Aug 2023 – May 2024**
Web Development Team Core Member *Tezpur, India*

- Contributed to the official GDSC Tezpur University website.
- Designed and enhanced the website footer, improving structure and responsiveness.

PageUpTechnologies **Jan 2024 – Mar 2024**
Full-Stack Intern *Guwahati, India*

- Converted and optimized web pages from **ReactJS** to Laravel.
- Improved application performance and maintainability during migration.

GauthExpert **Oct 2023 – Mar 2024**
GauthExpert *Singapore*

- Solved **422** academic questions across **Mathematics**, **Physics** and **Chemistry** for K-12 and higher-secondary students.
- Delivered clear, step-by-step solutions while working under platform-defined academic and quality guidelines.
- Worked in a performance-tracked environment involving spot checks, accuracy audits, and feedback-based evaluations, achieving a **43.75%** Revised Accuracy Rate in the latest review cycle.
- Earned a **43.75%** Revised Positive Feedback Rate in the most recent evaluation while successfully clearing multiple solution quality reviews.
- Maintained a zero solution-complaint record throughout the engagement, demonstrating reliability while handling high-volume problem-solving tasks across multiple subjects.

Skaplink Technologies **Feb 2023 – Jul 2023**
Software Developer *Guwahati, India*

Nov 2022 – Jan 2023

Trainee Software Developer

- Designed and enhanced StoreFLEX, a warehouse management system.
- Identified and fixed **16+** critical bugs, improving system stability and user experience.
- Collaborated with cross-functional teams to improve UI/UX and application reliability.

Projects

RideWise | *NextJs, NodeJs, PostgreSQL* | **Link** **Aug 2024 – June 2025**

- Designed a secure and user-friendly ride-booking platform leveraging PostgreSQL, Firebase and Mapbox API, implementing features like tracking, OTP-based verification and feedback systems using the Incremental SDLC model.

Todo List App | *ReactJS and Firebase* | **Link** **May 2024**

- Evolved a feature-rich Todo List App as a DBMS Lab mini-project for Spring 2024, enabling CRUD operations with tasks automatically sorted by priority and deadlines. Integrated search functionality for efficient task management and real-time updates.

Contacts | *ReactJS and Firebase* | **Link** **Dec 2023**

- Designed a simple CRUD web application for managing contacts, seamlessly integrating real-time data synchronization with Firebase, offering users a dynamic and efficient platform for saving and handling contact information.

Achievements

- UGC-NET Qualified (Computer Science) – Dec 2024; Eligible for Assistant Professor
